

The 8th Emirati German Congress in Medicine and Dental Medicine 2021

Scientific Medicine Program

University of Sharjah, Main Campus

21 November 2021

Opening ceremony 09.00-10.00 AM

Day 1

Theme 1: Molecular Basis of complex Diseases

Session A

Prof. Hauke Busch, University of Luebeck (Chair)

Dr. Naveed Khan, University of Sharjah (Chair)

Time	Title	Speaker	Room
10.30-10.50 am	Reduced penetrance of movement disorders - elucidating mechanisms of disease protection	Christine Klein University of Luebeck	AlRazi Hall M24
10.50-11.10 am	The dark side of the genome: non-coding mutations and human disease	Malte Spielmann University of Luebeck	AlRazi Hall M24
11.10-11.30 am	Utility of whole exome sequencing in new syndrome discovery	Ayman El-Hattab University of Sharjah	AlRazi Hall M24
11.30-11.50 am	Precision Nutrition	Christian Sina University of Luebeck	AlRazi Hall M24
BREAK			

Session B

Prof. Christian Sina, University of Luebeck (Chair)

Prof. Taleb Al Tal, University of Sharjah (Chair)

Time	Title	Speaker	Room
12.10-12.30 pm	Novel Delivery Approaches for Oncology Drugs	Mark Qalaji University of Sharjah	AlRazi Hall M24
12.30-12.50 pm	Integrating Artificial intelligence and big data in precision management of breast cancer	Khuloud Bajbouj University of Sharjah	AlRazi Hall M24

12.50-01.10 pm	Epigenetic alterations in metabolic inflammation and malignant transformation of the liver Cohort: A model for population-based monitoring of infection risk	Jens Marquardt University of Luebeck	AlRazi Hall M24
LUNCH BREAK & Signing Ceremony 1.10-2.00 pm			

Session C

Prof. Jennifer Hundt, University of Luebeck (Chair)

Prof. Azzam Maghazachi, University of Sharjah (Chair)

Time	Title	Speaker	Room
02.30-02.50 pm	Genome mining of unculturable bacteria isolated from the UAE; A potential source of novel therapeutics	Mohamed Hamad University of Sharjah	AlRazi Hall M24
02.50-03.10 pm	Alteration of blood monocytes upon inflammation	Ralph Pries University of Luebeck	AlRazi Hall M24
03.10-03.30 pm	CREB-binding protein: Connecting epigenetics to DNA damage signaling in breast cancer	Wafa Ramadan University of Sharjah	AlRazi Hall M24
03.30-03.50 pm	Circadian rhythm and inflammation	Jenny Hundt University of Luebeck	AlRazi Hall M24
03.50-4.10 pm	GPR68: An orphaned G protein-coupled receptor, friend or foe in the tumor microenvironment of breast cancer	Noha Elemam University of Sharjah	AlRazi Hall M24
04.10-04.15 pm	Final Remarks		
04.15 pm Social Events			

Day 2: Monday, 22 November 2021 (University of Sharjah, Khorfakan Campus)
